MEMORANDUM FOR: Deputy Director (Support)

SUBJECT: Staffing/Development Complement Introduced
into the Office of Communications in April
1956 as a Trial Run.

25X1A9a

I have a review from [REDACTED] today that points up significant advantages of the concept, and no real disadvantages. Because his office has not been at ceiling, he desires to hold determination of a final position until this has been accomplished, and suggests an additional six months. I have agreed.
